DRINK and the Death Rate.

The British Medical Association appointed a committee to make enquiries in order to ascertain the average age of the different categories of drinkers, that is to say, those who refrain completely from alcoholic drink, those who indulge more or less in moderation, and those who drink to excess. This committee has handed in its report. Its conclusions are drawn from 121 deaths, which are divided into five categories of individuals, with the average age attained by each:—

Total Abstainers,	61 yrs. 22 days.
Temperate drinkers,	50 " 6 " "
Free drinkers,	47 " 28 " "
Occasionally temperate drinkers,	43 " 18 " "
habitually intemperate drinkers,	33 " 3 " "

THE TOWN PARLIAMENT.

Lengthy Reports of Committees. Accounts and Communications. Other Business.

A regular meeting of the council was held on Monday night. Present: the Mayor and Councillors Davidson, Fletcher, Simington and Richards. The meeting was largely taken up with the following reports of committees:—

FIRE, WATER AND LIGHT.

Your committee beg to submit the following report for your consideration: Seeing the necessity in the near future of the formation of a fire brigade, your committee would suggest that the west end of the fire hall be partitioned off and suitable provisions be made to enable the Town Constable to make it his office and sleeping quarters, and by so doing he would act as watchman and thus render the fire hall accessible at all times during the night hours should any of the appliances be required and we would further request that the large door of the fire hall be made to open outward in order to facilitate the removal of the chemical engine when necessary. All of which is most respectfully submitted.

(Signed) C. A. W. STURT,
Chairman.

HEALTH COMMITTEE.

Whereas this committee of Health instructed the Town Inspector at its last meeting to prosecute all parties found depositing refuse out of the sign boards, and as such instructions have not been carried out, we hereby censure the Inspector's actions in this respect.

(Signed) B. FLETCHER,
Chairman.

MARKETS AND BY-LAWS.

Your committee beg leave to report as follows: That as directed by the council we have instructed the Town Inspector to have all snow removed from the sidewalks, but find it a very difficult matter and the nuisance still exists. We are of the opinion that the Inspector is remiss in his duty and would strongly recommend that the duties of this officer be properly defined. Believing it the duty of the Inspector to clear crossings, he was requested to do the same but so far has failed to comply with the request of the committee, we would therefore respectfully submit this matter to the council and ask further instructions, also call the attention of the Inspector particularly to By-Law No. 41, Sec. 1.

(Signed) ALEX. DAVIDSON,
Chairman.

BOARD OF WORKS.

Your committee would recommend the purchasing of the following tools by the Council: 1 pick, 1 steel tap, 1 heavy hammer, 1 hand saw, 1 shovel (square point), 1 shovel (round point). All of which is respectfully submitted.

(Signed) J. M. SIMINGTON,
Chairman.

FINANCE COMMITTEE.

Your committee beg leave to report as follows: That we have examined the accounts of A. R. Turnbull, M.D. of \$12.00, for medical attendance; W. W. Bole, for stationery and medicine, \$7.20; Armstrong & Porter, for filling tanks, \$7.00; W. J. Bradshaw, \$2.00, and would recommend that orders be drawn on the Treasurer for the above amounts. We would recommend that communication from the Globe Printing company be handed to the town Solicitor. That the communication from Mr. A. Hitchcock be referred back to the council, and that the town Treasurer be authorized to accept \$25 in full of taxes due by C. F. Lewis.

(Signed) O. B. Fysh, Chairman.

LICENSE AND POLICE.

Your committee beg leave to report as follows: 1st. That we have duly considered as submitted the duties of the town Inspector, and would recommend that they be accepted, and in addition to them, would suggest that it also be his

duty to keep the street crossing free of snow or mud, and that a copy of said duties be presented to him. 2nd. We would recommend that the Inspector be again instructed to see that all licenses due the town are paid forthwith. 3rd. Further, we wish to draw attention to the fact that at the present time we have no sworn-in constable. As this is a very important matter we would recommend that it receive prompt attention. We would recommend that a suitable pair of handcuffs and a police baton be procured for the use of town Constable, also that a By-law be framed imposing a license and setting forth proper rules and regulations regarding the running of gymnastics, and further we think it would be to the interest of the town to have the inspector located in some particular part of the town building and would recommend that the finance committee be instructed to ascertain the cost of furnishing him suitable quarters in the engine room.

(Signed) A. H. RICHARDS,
Chairman.

On motion all the above reports were received and adopted.

The communications from the School Board asking for \$500.00 from Seymour Green and J. E. Simable, re assessing the town for 1894, and accounts from Moose Jaw Times and Mrs. T. E. McWilliams were referred to the finance committee.

Davidson—Fletcher—That Henry Battell be paid the sum of \$25.00 on salary to Feb'y 15th, 1894. Carried.
Simington—Davidson—That A. McDonald be appointed pound keeper for the town of Moose Jaw for the year 1894. Carried.

NOTICES.

Councillor Richards gave notice that at the next regular meeting of the council he would introduce a By-Law consolidating all license by-laws now in existence, and providing for the licensing of all places under authority of the ordinance.

Councillor Simington gave notice that at the next meeting of the council he would introduce a By-law to appoint Alex. McDonald pound keeper for the year 1894.

Fysh—Simington—That the request of Mr. A. Hitchcock for rebate on taxes be refused. Carried.

Richards—Fysh—That the Board of Works submit a plan and estimate of cost of room to fire hall as suggested by the license and police committee. Carried.

Fysh—Simington—That the regular charge for use of Town Hall be \$5.00; that Agricultural Societies or farmers' meetings be allowed for \$2.00, that political meetings for discussing public questions by representatives of the people be allowed free, and that the Town be furnished with a copy of this resolution. Carried.

Fysh—Simington—That Carruthers & Brock be given the option of purchasing Debenatare, till Feb'y 23rd, 1894. The town of Moose Jaw to pay cost of passing title of Debenatare not to exceed \$5.00, Debenatare to be taken at 6% interest, cost of floating to be defrayed by Carruthers & Brock. Carried.

C. F. E. Enterprise.

VANCOUVER, Feb. 14.—The Canadian Pacific railroad are having steamers built in England to go on the San Francisco, Vancouver and Lower Sound district route. On Thursday, February 1, the first C. P. R. through train entered Seattle via their Warcom branch. Not only will a first-class C. P. R. train run between Vancouver and Seattle, but by special arrangement a first-class Great Northern train will run between Seattle and Vancouver, doing away with the tramway between here and New Westminster. The C. P. R. has chartered the steamer City of Seattle for one year at \$24,000 to run between Puget Sound, British Columbia and Seattle. By these moves they secure the lion's share of the Midwinter Fair tourist trade.

TO MANG MAY 10.

The Italian Musicians Found Guilty of the Murder of Their Comrade.

GREENFELL, February 10.—The court room was crowded this morning when Mr. Justice Wetmore took his seat on the bench. The stillness was almost deathlike when the jury filed slowly into their places under mounted police escort. The prisoners had been placed in their accustomed places. The interpreter, Walling Potagallo, sat near them.

"Gentlemen of the Jury," said the clerk, "have you agreed upon your verdict, and if so, who shall speak for you?"

The eyes of the jury were turned to Mr. Shirkie, one of their number, who rose to his feet and passed while the clerk asked:

"How say you, do you find the prisoners at the bar guilty or not guilty?"

And breathless silence Mr. Shirkie answered, "the jury find the prisoners guilty on the first count of the charge."

The verdict having been recorded the clerk again asked, "Hearken to your verdict, gentlemen, you find the prisoners at the bar guilty on the first count and so say you all?" To this each jurymen answered in the affirmative.

After a moments pause, Mr. Justice Wetmore took from the table at which he sat a calendar and consulted it, and then in grave and distinct tones addressed the prisoners, who had stood up: "Antonio D'Elia and Antonio Luciano, have you anything to say why the sentence of the law should not be passed upon you for the crime of which you have been found guilty?" Interpretation having been made to the prisoners, they answered through the interpreter, "Nothing only that we are innocent."

Here Mr. Rimmer, the learned and able counsel for the defence, moved for leave to apply for a new trial on weight of evidence. After an argument of some minutes, the judge held that there was not sufficient ground to grant the leave, but stated that the application would be noted and would appear in his report to the department of the Minister of Justice.

The learned judge then proceeded: "Antonio D'Elia and Antonio Luciano I have been found guilty of the gravest crime known to the law, the murder of a fellow being. After a patient and impartial trial the jury have, upon the evidence, which in my opinion warrants that finding, convicted you of the murder of your fellow country man, Giovanni Petcarella. I think it proper to say that I concur in that finding. I cannot see how, as reasonable men, they could have arrived at any other conclusion, and I think I should add that it seems to me that your guilt has been made satisfactorily apparent by your own evidence. You availed yourself of the right to testify on your own behalf and detailed a story which did nothing to vindicate you. I cannot hold out any hope of clemency, and I, therefore, advise you to make your peace with God. I will not prolong this scene which is as painful to me as it must be to you." Thus rising to his feet the judge pronounced the awful sentence of the law. "The sentence of the court is that you be taken to the place from whence you came and from thence to the common goal at Regina and that there on the 10th day of May you be hanged by the neck until you are dead and may the Lord have mercy on your souls."

Luciano stood for a moment as if dazed and then before the policemen could spring to his assistance, he fell prostrate upon the floor and remained unconscious for some time.

"Not clinging to some ancient saw,

Not swift nor slow to change; but firm."

FRIDAY, FEB. 16, 1894.

It is said the T. P. R. will make a change in the running of passenger trains about 1st of May, whereby a fast train between Winnipeg and Moose Jaw will be put on, the same as last year between Winnipeg and Moose Jaw. Better time will be made this year, 3 hours and 50 minutes being allowed for the run on each division. The local will then, it is said, run through to Moose Jaw and connect with the coast train on the Soo line, thus giving Winnipeg two trains a day to the coast.

The Regina Leader in its last issue reproduces an editorial from the Montreal Star, on the subject of "Scientific Protection," which goes very exhaustively into Mr. Davin's views on the tariff question. In the same issue may be seen an editorial note which states that "we (i.e. Mr. Davin) have no hesitation in stating that the Montreal Star is the best newspaper published in Canada to-day." Apology is made for overlooking the writing of a puff for the Star Christmas number until this late date. The old saying "you scratch my back and I'll scratch yours" obtains even in journalism.

The following clipping from the Vancouver World is commended to the managers of concerts, tea-meetings, etc.:

"Occasionally—it might be said very frequently—promoters of local entertainments fail to extend ordinary courtesies to the press. No intimation is given to the event, no invitation is extended to a representative to be present, and then, when the affair is over, surprise is felt because no report of the proceedings is published. The popular idea that newspaper men get their life's enjoyment out of attending socials, concerts and dinners is a grave mistake. Such event constitute the daily labor of the scribes and it is solely in the performance of their duty as news gatherers that they seek admission to those places. If no invitation is extended to the press to attend, it is taken for granted that a report of the proceedings is not desired. While it is impossible for a newspaper to be represented at every entertainment or meeting that transpires, an invitation to be present serves as a reminder to the staff and largely obviates the likelihood of the item being missed in the daily category of news.

According to the Hamburger Nachrichten, Prince Bismarck recently expressed his opinion of the British House of Lords to the following effect: "If the question of giving England a new constitution were on the carpet, pinions might differ the question being no de lege friends—viz. whether it could be expedient to form the House of hereditary or of elected members, or to extend or diminish the compass of its constitutional competence. But in view of England's present situation, it seems unsafe adversely to criticize the House's composition, and its resistance to democratic demands. In our opinion the Upper House forms the most important bulwark against the threatened rupture of the Irish-Liberal Gladstonian high tide in the present struggle; the country must endeavor to elect, elect, and fortify the Upper House

and its position, not to attack it. Who ever attacks it allies himself, perhaps unconsciously, with Mr. Gladstone, and promotes his aims. Taking sides in this way with Mr. Gladstone is incompatible with English interests." "The ex-Chancellor," adds The Nachrichten, "is certainly still of opinion that an intelligent German policy ought to avoid everything that looks like taking sides against the English Upper House and that may make it appear as if German help were to be given even indirectly to Mr. Gladstone."

A PROMINENT JOURNALIST DEAD.

JOHN LIVINGSTONE, SOMETIME EDITOR OF THE CALGARY HERALD DIES AT MONTREAL.

MONTREAL, Feb. 11.—John Livingstone, a prominent journalist, late of Calgary Herald, died suddenly here last night.

Mr. John Livingstone was probably as well known, from the Atlantic to the Pacific, as any newspaper man in Canada. He was almost cradled in journalism, having, from little more than a lad, commenced his career as joint editor of the Colonial Presbyterian, of St. John, N. B. Shortly after this he took a step up, the ladder, and became assistant editor of the St. John (N. B.) Morning News. His next move was to establish the St. John Telegraph as a tri-weekly, which increased so rapidly that in a few years it was turned into a daily, and is at the present moment one of the most widely circulated papers in Canada. Shortly after the telegraph became a daily Mr. Livingstone sold it, and retired for a time from the arena of newspaper work. He, however, soon returned to the profession and started another newspaper in St. John, called the St. John Watchman, the existence of which, however, was brought to an end in the great St. John fire. In this fire Mr. Livingstone lost all he had. In 1878 he was selected to edit the St. John Daily Sun and later occupied the same important position on the Montreal Daily Herald. His next move was into the chair of the editor-in-chief of the Toronto Empire, when that paper was started as an organ of the Conservative party. Unfortunately, after about fifteen months connection with the Empire his health broke down owing to over-work, and he went to Alberta to recruit. As manager and editor of the Calgary Herald Mr. Livingstone did good work for the Territories, and his vigorous pen was never wanting when anything of interest needed publicity. He retired from the editorship of the Herald about a year and a half ago, owing to disagreement with the proprietors, and a few months ago returned east.

The Canadian Magazine for February.

With the current number (Feb.) the Canadian Magazine completes its first year of publication, and with a record for excellence and financial prosperity, not equalled in the history of Canadian Magazine literature. The number is a strong one, and several of the articles are of remarkable merit, while interest attaches to every contributed in the number. The illustrations, too, are excellent. Prof. John Campbell, of Montreal, leads with a son-to-henative, scholarly, and most interesting paper on "The American Indian, What and Whence," a paper which should rank amongst the very first in the magazine of the month. "The Schools of the Olden Times," by one of the Boys (Hon. David Mills), gives a pleasing glimpse into the rural Ontario of fifty years ago. "The Soul Snaker," is a literary gem from the graphic pen of a well-known Canadian poet, Rev. Fredrick George Scott. Major Robertson Watt gives a lot of interesting personal reminiscences of people "On Board the Aquila," now famous as the leading vessel of the rebel fleet of Brazil. The illustrated articles are: "The Eldorado of British Columbia," a glimpse at the West Kootenay Country, by Mrs. E. Molson Sprague; "Dunfermline Abbey," by Fred T. Hodgson; "Men and Things in Mexico," by Allan Leitch; "The Coconut Palm," by Allan Eric; and Rev. Dr. Seabright's paper on pioneer literature in Ontario. A contribution remarkable for its charming naturalness and vividness, its peculiar and sometimes thrilling incidents, and its sustained interest is, "The Journal

of a Solitary," translated by Miss Helen Hicks, from Alphonse Daudet. Miss Agnes Maule Machar (Fidalia), Principal Rsd., and others contribute poetry. The Canadian Magazine is published by the Ontario Publishing Co., Ltd., Toronto. \$3.50 per annum.

TOTALLY ECLIPSED.

A Case More Wonderful than Dr. Rose's—A Lady Dying of Bright's Disease is Cured by Dodd's Kidney Pills.

PORTLAND, Feb. 12.—The people of this neighborhood have not yet finished talking of the remarkable cure of diabetes effected by Dodd's Kidney Pills in the case of Dr. E. A. Rose, of this village. The doctor is authority for the statement that his case is totally eclipsed by that of a lady, a patient of his, whom Bright's disease had brought to the verge of the grave. He prescribed Dodd's Kidney Pills for her and, thanks to them, she is now cured. These pills are manufactured by Dr. L. A. Smith & Co., Toronto, and are sold by all dealers, or will be mailed on receipt of price; fifty cents per box, or six boxes for \$2.50.

BOHARM BRIEFS.

The Boharm Literary Society and Glee Club met last Wednesday at the residence of J. J. Porter to celebrate the union of the late Mr. W. Abbott and Mr. Porter. The Boharm choir was in attendance, and in fine form. The Glee Club and choir gave a number of selections. Recitations were also given by Mrs. M. Johnson and Rev. Mr. Abbott. Songs were sung by the following: Messrs. J. L. Baerle, G. Paisley, C. Shepley, M. Johnston, C. A. Bryant, and all declared they had spent fifteen of the happiest hours of their lives.

A large number from Boharm will go to Moose Jaw this week to hear the debby by the Scotch champions on Tariff Reform.

Another Fire at Regina.

REGINA, N. W. T., Feb. 11.—Still another fire has to be added to the long list already chronicled from Regina this winter. This time it was in the Methodist church. It was discovered while the collection was being taken up. Mr. Brown quickly dismissed the congregation, who left the building very quietly without any panic. The fire started from an overheated chimney behind the choir loft, and climbed up behind the plaster into the roof in a few minutes. The fire brigade were quickly on the spot with the chemical which was soon followed by the steamers. The fire was extinguished after an hour's hard and plucky fighting. It was confined to the rear end and roof of the church. The damage on this and the furniture broken in removal is fully covered by insurance.

T. E. R. at the Capital.

REGINA, Feb. 8.—Mr. Birbeck, of Moose Jaw, has been appointed C.P.R. station agent here, to fill the position made vacant by the resignation of Mr. W. C. Fowler. He took charge on Thursday morning last. We have had such a good man in Mr. W. C. Fowler that we were afraid it would be difficult to replace him, but the C. P. R. have found in Mr. Birbeck one who will prove a worthy successor. We have known Mr. Birbeck for 11 or 12 years. He is a man of high character, zealous in his duties, and obliging, and Mrs. Birbeck, an English lady well connected, will, with himself, make a desirable addition to the society of the capital.

Birth of the Opal.

A dew-drop came with a spark of flame
It had caught from the sun's last ray,
To a violet breast where it lay at rest,
Till the hours brought back the day.
With a blush and a frown a rose looked down,
But smiled at once to view
With its coloring warm her own bright form
Reflected back by the dew.
Then a stolen look the stranger took,
At the sky so soft and blue;
And a leaflet green with its silvery sheen,
Was won by the killer too.
As he thus reclined a cold north wind
Of a sudden blew around;
And a maiden fair who was walking there
Next morning on opal found.

Day and night in two cities.

On the north side lives a friend of mine. He has a low flat, and lives above his store. The fact that there were Day and Knight in the same house never struck my friend. He knew Knight, who was connected with some house furniture and stove company, but neither had indulged in any guessing on the contrasting names. The other day Mr. Day's door bell rang, and Mr. Day, who happened to be home, responded to the person. He found a gentleman on the doorstep. The gentleman said: "Is this Mr. Knight?"

"No, sir, this is Mr. Day." The gentleman smiled significantly, as who should say: "Ah, very good; very good. Really very witty; quite a bon mot." Then he pulled from his pocket some papers and began to talk to Mr. Day about furniture and stove and improvements, and extras, and a lot of other things, including profits and percentages. He rattled on so fast that before Mr. Day could pull him up he had passed the half mile pole. Then he said:

"I don't know anything about all this. What does it mean?"

"You're Knight, aren't you?"

"Oh, come," said the visitor, "is that a joke? Because if it is I've laughed at it already, and it won't bear repeating."

"No joke about it," replied Mr. Day. "It's you."

"Your name Day?"

"Yes."

"Well, where's Knight?"

"Upstairs. Ring upper bell."

"Why didn't you ring before?" snapped the visitor, as he yanked the bell almost out of the door.

"You didn't ask me," said Mr. Day. Then he went indoors and smiled—Chicago Mail.

Too much "forgetting" for him.

Senator Colquitt, of Georgia, delights in telling a story of his efforts at missionary work among the African Americans in the vicinity of his home. He selected as a specimen one "Uncle Gabe," a former slave, who had learned to read in a very crude way, and to whom he had offered \$5 if he would read the Bible through to the end. Gabe accepted the offer, and took away with him a brand new Bible, and began his wretched with the Scriptures. Two weeks later Gabe returned, Bible in hand.

"Well, Gabe, how did you like the book?"

"Gabe hesitated to reply and was pressed further.

"Well, Marce Colquitt, I tell you how it is. I don't like de book now."

"Explain yourself, I don't catch your meaning," said the Senator. "What part of the Bible did you read, Gabe?"

"I read, sah, until I got to whar Abrahm ferget his name, and Isaac ferget Jacob, and Jacob, he ferget Joseph, and den I read to mosk. Den I too much fergeting, sah, so I quit me."—New York Tribune.

Paternalism—Very well, I shall never trade with you again.—Lowell Citizen.

This World Is Not a Pleading Show.

The old adage, "Early to bed and early to rise, makes a man healthy, wealthy and wise," is a contemptible fraud. We have followed its precepts faithfully for thirty years, and where are we today? We are not feeling at all well; we are not worth a cent, and we do not know how to make any money.—Lowell Citizen.

WHO WOULD BE A KING?

How Some of Europe's Crowned Heads.

The recent death of the king of Portugal reminds one that the emperors and kings of this earth are, taking them all round, a very unhealthy and unhappy set of people. Such a thing as a jolly monarch, with a good digestion, is scarcely to be found. The czar suffers horribly from his nerves, and is at times hypochondriacal; the empress is as much tormented by nerves as her husband, and has long periods of intense prostration. The emperor of Austria is healthy enough, but he is a sad man, for the empress has been during the last ten years a martyr to sciatica and rheumatic fevers, and her mind has been affected to the extent of making her capricious, hysterical and melancholy.

She belongs to that Wittelsbach family, in whose blood there is a taint of insanity, which broke out in King Louis of Bavaria, in the present King Otto and in the late Crown Prince Rudolph of Austria. The king of Wurtemberg, too, is more than half crazy, and King Milan of Serbia must be added to the list of sovereigns whose nervousness renders well nigh irresponsible for their actions. In King Milan's case, as in the case of the sultan, the fear of assassination has been the main determining cause of mental disorder. The predecessors of all three were murdered, and the world does not hold three more wretched, nightmare haunted men than the czar, the Sultan Abdul Hamid and King Milan. The German emperor has some very

Opposing Counsel—I object, your honor. The question as to whether the witness was standing or sitting is irrelevant.

Opposing Counsel—I object. The words "at the corner" are too indefinite. If the witness were trying to tell the truth he would be more explicit.

Witness—How is the weather outside?

Witness—It is raining.

Lawyer—How is the presence of large bowlders in open fields on clay or sandy soil explained?

THE

Triumph of Love

A HAPPY, FRUITFUL MARRIAGE

Every Man Who Would Know the Grand Truths of the Bible, the Old Testament and the New Discoveries of Medical Science as Applied to Married Life, Who Would Atone for Past Warnings and Avoid Future Pitfalls should secure the Wonderful Little Book, Called

Complete Manhood, and How to Attain It.

A man who sent for it and followed the simple directions, writes thus:

"Well, I tell you that first day is one I'll never forget. I just bubbled with joy. I wanted to hug everybody and tell them my old self had died yesterday and my new self was born today. Why didn't you tell me when I first wrote that I would find it this way?"

Here at last is a secret from a high medical source that must work wonders with this generation of men!

The book fully explains how all physical defects interfering with happy wedded life may be secure.

It tells how to secure complete vigor and manly power.

It tells how to stop all unnatural drains and losses.

It tells how to enlarge and strengthen small weak organs and parts of the body.

It tells how to cure nervousness, lack of self-control.

It tells how to exchange a jaded and worn nature for one of buoyancy, strength and brightness.

It tells, in short, all those things you want to know, ought to know, but haven't been able to find out.

This book is worthless to mere curiosity-seekers, being purely medical and scientific; but it is valuable to you, and all estimate to the man who needs it.

Write to the Erie Medical Co., 1141 Tolo, N.Y., and ask for copy of the remarkable book "Complete Manhood." They will send it sealed, entirely free, for a short time.

THE GREAT SOUTH AMERICAN

NERVE TONIC

AND STOMACH AND LIVER CURE

The Wonderful HEALTH BUILDER & NERVE FOOD

Chronic Diseases are caused by Deranged Nerve Centres at base of the Brain.

LATE discoveries have absolutely proven that the Stomach, Liver, Lungs, and indeed all internal organs, are controlled by the nerve centres at the base of the brain. The manufacture of SOUTH AMERICAN NERVE TONIC has been studied closely for more than twenty-five years, and has lately demonstrated that two-thirds of our Chronic Diseases are due to the perfect action of nerve centres, either within or at the base of the brain and not from a derangement of the organs themselves; hence that the ordinary methods of treatment are wrong.

As all know, a serious injury to the spinal cord, will at once cause Paralysis of the body below the injured part, it therefore will be equally well understood, how the derangements of the nerve centres, will cause the derangement of the different organs of the body which they supply with Nerve Fluid or Nerve Force.

The wonderful success of SOUTH AMERICAN NERVE TONIC is due alone to the fact that it is based on the foregoing principle. The use of a single bottle of this remedy will convince the most incredulous. It is indeed, a veritable Nerve Food and Will Relieve in One Day the varied forms of Nervous Disease and Stomach Troubles.

Nervous Diseases.

This class of diseases, is rapidly increasing each year, on account of the great war our mode of living and labor imposes upon the nervous system. Ninety-ninths of all the ailments to which the human family is heir, are dependent upon nervous exhaustion, impaired digestion, and a deteriorated and impoverished condition of the blood. The SOUTH AMERICAN NERVE TONIC is a great nerve food and nerve builder and this accounts for its marvellous power to cure the varied forms of nervous disease, such as Neuritis, Nervousness, Nervous Prostration, St. Vitus's Dance, Nervous Choking, Nervous Paroxysms, Twitching of the Muscles, Hot Flashes, Mental Despondency, Forgetfulness, Sleeplessness, Restlessness, Nervousness of Females, Palpitation of the Heart, Sexual Weakness, etc., etc.

A SWORN CURE FOR ST. VITUS'S DANCE.

My daughter, twelve years old, had been afflicted for seven months with St. Vitus's Dance. She was reduced to a skeleton, could not walk, could not talk, could not swallow anything but milk. I had to handle her live in a cradle. Doctor and nurses gave her up. I commenced giving her the SOUTH AMERICAN NERVE TONIC, and the effects were very surprising. In three days she was rid of the nervousness, and rapidly improved. Four bottles cured her completely. I think the SOUTH AMERICAN NERVE TONIC the greatest remedy ever discovered, and would recommend it to everyone.

Subscribed and sworn to before me this May 19, 1897.

CHAS. M. TRAVIS, Notary Public.

A WONDERFUL CURE FOR

INDIGESTION and DYSPEPSIA.

Loss of Appetite, Weight and Tenderness in the Stomach, Sour Stomach, Pain in the Stomach, Wind upon the Stomach, Nausea and Sick Stomach, Sick-Headache, Hiccough, Water-Brash, Heartburn, Vertigo and Dizziness, Sleeplessness, Frightful Dreams, etc.

The Stomach suffers more than any of the other organs from disease, because into it are taken so many indigestible and irritating substances as articles of food. In its great effort to digest these, it soon becomes weakened and diseased. Under such circumstances it is not wonderful that so many complain of indigestion and weak stomachs. When the Stomach fails to digest and assimilate the food, the whole body falls into a state of weakness and decay, for Nature has decreed that the body must constantly receive nutriment through the Stomach, to repair the waste of tissue constantly going on in the system.

The South American Nerve

Is probably the greatest remedy ever discovered for the cure of all Chronic Stomach troubles, because it acts through the nerve centres. It gives marked relief in one day, and very soon effects a permanent cure. The first bottle will convince anyone that a cure is certain.

WHAT EX MEMBER OF PARLIAMENT, REUBEN

I have been for about ten years very much troubled with indigestion and dyspepsia, have tried a great many different kinds of patent medicines, and have been treated by a number of physicians and found no benefit from them. I was recommended to try SOUTH AMERICAN NERVE TONIC, and I obtained a bottle, and I must say I have found very great relief, and have since taken two more bottles, and now feel that I am entirely free from indigestion and would strongly recommend all my fellow sufferers from the disease, to give SOUTH AMERICAN NERVE TONIC an immediate trial.

It will cure you.

HARTFORD CITY, Blackfoot Co., Indiana, June 8, '95.

South American Nerve Tonic.

GENTLEMEN: I received a letter from you May 27, stating that you had heard of my wonderful recovery from a spell of sickness of six years duration, through the use of SOUTH AMERICAN NERVE TONIC, and asking for my testimony. I will gladly state how I was afflicted and how I was delivered from my pain and suffering. I was near thirty-five years old, when I took down with nervous prostration. Our family physician treated me, but without benefiting me in the least. My nervous system seemed to be entirely shattered, and I constantly had very severe shaking spells. In addition to this I

had vomiting spells, and there would be from sixteen to twenty days at a time that I could not retain anything on my stomach. Many consultations were held by physicians over my case, but they all agreed that I would never leave my bed. During the year I lay sick, my wife had an eminent physician from Dayton, Ohio, and two from Columbus, Ohio, to come and examine me. They all said I could not live. I got to having spells like spasms, and would be cold and stiff for a time after each. At last I got the use of my body—could not rise from my bed or walk a step, and had to be lifted like a child. All the time suffering intense pain, and taking almost every known medicine. Part of the time I could read a little, and one day saw an advertisement of your medicine and concluded to try one bottle. By the time I had taken one and one-half bottles I could rise up and take a step or two by being helped, and after I had taken five bottles in all I felt well. The shaking went away, gradually, and I could eat and sleep good, and my friends had scarcely believed it was I. I am sure this medicine is the best in the world. It was a god send to me, and I believe it saved my life. I give my name and address, so that if anyone doubts my statement they can write me, or our postmaster or any citizen, as all are acquainted with my case. I am now forty years of age, and expect to live as long as the Lord has use for me and do all the good I can in helping the suffering.

MISS ELLEN STOLTZ.

Will a remedy which can effect such a marvellous cure as the above, cure you?

A MINISTER OF THE GOSPEL SPEAKS.

TO THE PROPRIETOR OF SOUTH AMERICAN NERVE TONIC, Ontario, June 27, 1895.

DEAR SIR, I have much pleasure in recommending the great SOUTH AMERICAN NERVE TONIC to all who are afflicted as I have been, with nervous prostration and indigestion. I found very great relief from the very first bottle, which was strongly recommended to me by my daughter. I also induced my wife to use it, who, I must say, was completely run down and was suffering very much from general debility. She found great relief from SOUTH AMERICAN NERVE TONIC, and also cheerfully recommends it to her fellow sufferers.
